Step back in time and into an evening of rare access, coastal elegance, and curated storytelling with this extraordinary private dining experience in the heart of Kennebunkport.

Your evening begins with exclusive after-hours access to the historic White Columns Mansion, an 1853 Greek Revival landmark closed entirely to the public for your experience. As the doors open just for you, the mansion transforms into an intimate, candlelit setting where history and refined luxury meet.

Guests are welcomed with a private guided tour led by a member of the Kennebunkport Historical Society, offering insider stories, architectural details, and fascinating insights into one of the region's most significant historic homes.

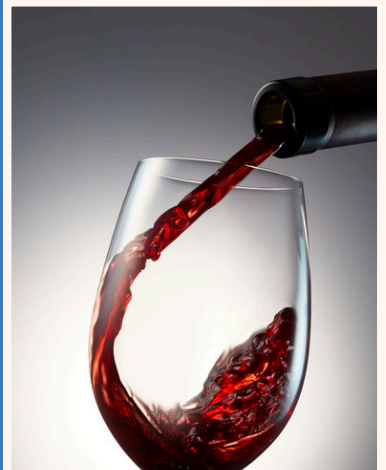

Following the tour, the evening unfolds into a bespoke three- to four-course gourmet dinner prepared by a private chef. Each menu is custom-curated using seasonal, locally sourced ingredients and thoughtfully paired with wines selected and presented by a professional sommelier.

As each course is served, guests are guided through the wine pairing, learning how flavors, regions, and craftsmanship complement the culinary experience.
